

OpenDNS

Safer. Faster. Smarter. Free.

**Join the thousands of schools who
keep their kids safe with OpenDNS.**

“We switched all 10,000 students to OpenDNS. It’s invaluable for keeping the students of Campbell County safe online. I see no reason for any school to not use OpenDNS.”

— **Clint Hunter**, Network Administrator for
Campbell County, VA Public School District

OpenDNS lets you filter Web content free, with no software to download and nothing to install. Easily block adult sites, phishing sites, and social networking sites. Thousands of schools have already started using OpenDNS.
